

POINTLESS STORY

By Dylan Navy

Edition 1

The title at the beginning this is getting kinda weird I mean I just wrote 10 1/2 pages about nothing (don't worry if this is typed or something because Im writing this in a note right now and I have nothing to do so Im just going to continue.

really random and very unessesary and kind and weird but were all weird. If we weren't weird we would all be the same and the world would be boring... but luckily we are all different like snowflakes and by now it is April 21st and I dropped out of honors this morning and I just finished my homework in 1.5 minutes. Just now I wrote

This is probably the most pointless story I will ever write sometimes I just have nothing to write about which is why I'm here writing this on March 16th 2010 in class 5th period in front of James Zheng and behind Maryann Lennon not knowing if I should stop writing this and actually write a story instead of this. I cant believe I already wrote 1/2 a page in 2 minutes. It came easily that time. I don't know why but I feel like talking about politics. Im very random and pointless sometimes that helps me write stories about things like this right now. I don't even know why at the end of every sentence I keep whirling my pen. My friend can flip it into his hand and my other friend can spin it 720° its really cool if you've ever seen it.

Anyway right now Im out of things to write about so I'll think for now. Maybe Im getting better at this right now. I have no clue. Writing has always been hard for me. WOW I just wrote a fell page in 5 minutes ago and didn't realize it until now. That's just sad. Plain EPIC FAIL. I just don't know what to do sometimes. All I know is that if the teacher asks what I wrote about I'll tell her I had nothing to write about and that I wrote a story about nothing. Fact I don't even thing she'll ask but whatever. It might occur that she'll be reading this sooner or later but I don't think she will get mad she is really nice. This is very pointless and unesecary. I don't think I spelled that right but I don't care. I just want to write because I have nothing better to do.

TO FILL UP TH PAGES IN THIS NOTEBOOK AND IM ALMOST UP TO MY 10TH PAGE THIS IS **GETTING FUN BUT TO HAD** THAT IM RUNNING OUT OF IDEAS SO I DON'T THINK THIS IS EVER GOING TO REACH 15 PAGES BUT ANYWAY, BY NOW James is long gone and on the other side of the room. Maryann is still in front of me but now John is behind me. He brought in Canadian chocolates to school today that was just really really

This is getting to be really fun. Im back and it's the next day and Im still twirling my pen. I found 3 ways to do it and I keep getting better at it. It is really addicting. And I just finished my 7th page and I don't know why, but I feel like talking about video games but they are awesome and keep you busy for a while. It has been a month since I last worked on this. Its already April 12th. This is just so pointless its not even funny but maybe it is because it gave a lot of people a laugh here and then. I don't know why I doodled at the top of this page. And its 11:12 AM again. And I think this is going to be a very long story. I AM WRITING LARGE AND USING VERY SO-PHISTICATED LANGUAGE

This is not as boring as it seems. By now it's the next day and we have 2 subs. Im really running out of ideas. This is really pointless WAIT I already said Im going to describe what's happening now. It is still 11:12 (same time as yesterday and Im bored. I have an ITouch. I like video games. I don't know why Im telling whoever's reading this. WAIT Im reading this, so Im talking to myself on paper. Hey I can hear myself in my head. ECHO ECHO ECHO ECHO ECHO This is cool but it doesn't make sense. Fact I could be daydreaming about video games right now. I don't know why but im thinking about **FHE**D (some youtube comedian) right now. WOW I wrote 3 pages almost that's a record. But some girl (Christina) can write 15 paged strait with no problem.

Page 6 Page 7

Im done with 3 pages. Maybe I can get to page 16. but still she will actually write about something good unlike this. Unless you think its funny how random and pointless I am but probably not. I even wrote this on an app on my lTouch. I have lunch right after this and after that orchestra. Im back at 11:12 the next day. I don't know why I continued this its already 3 1/2 pages long. Maybe I should start a real story but if I publish this on the internet I could have many viewers and get people to laugh. Even though Im not funny. I am starting to think that this isn't funny and that it is boring to read. I don't know if you are reading this you would have noticed I have horrible handwriting. That's because im rushing.

I finished page 6 right about 15 seconds age. It's a happy time, Happy, Happy, Happy, Happy, Happy, Нарру, Нарру, Нарру, Нарру, Happy, Happy, Happy, Happy, Happy, Нарру, Happy, Happy, Happy, Happy, Happy, Нарру, Нарру, Нарру, Нарру, Happy, Happy, Happy, Happy, Happy, Happy, Happy, Happy, Happy, Нарру, Нарру, Нарру, Нарру, Нарру, Нарру, Нарру, Нарру, Happy, Happy, Happy, Happy, Happy, Happy, time. I filled up most of the page with happies. It is the next day by now an di really hate the government you have to be at least 14 to have an email. Such a rip off right. Im almost up to my 8th page
